

ADRIANNE STEICHEN, LEED AP
ASSOCIATE

Adrienne has eight years of experience in education and residential projects, including mixed-use, multi-family, workforce, affordable housing, and market rate homes. Since joining Pyatok Architects and becoming an Associate, she has served as Project Manager and Construction Administrator on several large urban housing projects.

Adrienne recently completed terms on several national committees of the American Institute of Architects, including the Young Architects Forum and Communities by Design. She is an out-going member of the Board of Directors for the Phi Sigma Pi Foundation, which supports Teach for America as part of its education agenda. In addition, Adrienne volunteers a significant portion of her time outside of the office mentoring young professionals.
